Nurturing Youth, Strengthening Families

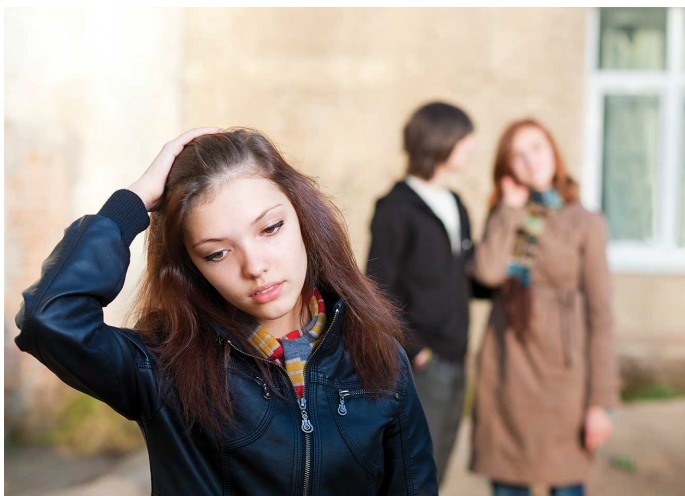

How We Help Children and Families

MCYAF improves the quality of life for children and youth - ages 4 to 24 - who are struggling with behavioral and emotional health issues, and that of their families. MCYAF is a leading provider and partner in family-centered therapeutic services, serving Masonic and non-Masonic-affiliated families, alike.

We offer children therapeutic and psychological assessment services at our San Francisco and Covina headquarters, and referrals to services statewide.

Affordability and accessibility guarantees that Masonic families have access to the highest quality of services available.

Any Door Is the Right Door

At MCYAF our belief is that **any door is the right door** - Masons may be referred by lodge leadership or via the Masonic Assistance line, or you may contact us on your own.

The quickest and easiest way to access services is to call MCYAF at:

What to Expect When You Call

- **A kind and welcoming greeting.** We believe it takes a great deal of courage to ask for support and - in kind - we greet everyone with respect and open arms. It is our pledge to support and guide you and your family in a time of need.
- **A conversation** with one of our access coordinators in which we will ask you to share your thoughts, concerns, and needs. An in-person appointment with a licensed professional and/or connection to services in your local area will be made at the time of this call.
- **Confidentiality.** This is the cornerstone of our work. All information shared with the staff at MCYAF is considered highly confidential.
