## **Application Process**

The application for both Masonic Homes and Masonic Outreach Services (MOS) takes place in two stages:

- 1. Initial Documents Stage: Masonic Assistance will send you specific forms to be completed and returned. We may request items specific to your situation for review by our financial and management teams. Once these items have been returned to our office and reviewed with no further questions, we will send the application.
- 2. Application Stage: Masonic Assistance will send you an application. You will be required to complete this document and provide additional supporting documentation, such as copies of your photo ID and bank statements. During this phase of the application process, Masonic Homes will request additional health-related documentation and both Masonic Homes and MOS will request additional expense and income documentation.

Masonic Assistance, along with the Masonic Homes and Masonic Outreach Services teams, will be available to answer your questions and provide guidance throughout the application process.
